Gear to Go

Recreational equipment is offered to all active duty, retired military, reservists, National Guard, DoD NAF and APF employees and their ID card holding dependents, and is based on availability.

Reservation Policy

Reservations are advisable on campers, boats, bounce house, super cookers, pavilions, and special events tents and are accepted 30 days in advance. Reservations on campers, boats and party tents require a debit/credit card (MasterCard or Visa) number to be held but not charged. All other equipment is on a "first come-first served" basis.

Cancellation Policy

To cancel a reservation, a 48-hour notice is required on campers, boats, bounce house and party tents. In the event the renter cancels with less than a 48-hour notice or is a "no-show", the credit card number held for reservation will be charged at that time in the amount of a one day rental fee. Credit or refunds for cancellations is given on a case-by-case basis with consideration given to emergency situations.

Additional Rental Fees

All recreational equipment rentals are due back one hour before the close of business on the specified return date. Items not returned by the specified return date will be charged a daily rental fee for each additional day an item is rented. Additional rental payments are due full at the time the item is returned.

Returned Equipment

All items must be returned clean and dry. The customer will be held responsible for cleaning charges which amount to a one day rental fee and there are no exceptions. Any customer checking in equipment that has been damaged or not returned at all (lost) will be charged a repair or replacement fee. Fees will be determined by an ODR representative at a fair market value.

Procedures for Campers, Boats, Party Tents and Super Cookers

Thirty minute appointments are required for pick-up and drop-off of campers, boats, party tents and super cookers to explain set-up and oversee check-in. We strive to ensure all items are serviceable, damage free and clean when loaned and all equipment is required to be returned the same. A qualified ODR technician will inspect all equipment upon return and assess for service, damage and cleanliness. Personal, private insurance, including coverage on the towed vehicle is required to rent these items. In the event your insurance company does not cover rented tow vehicles, the renter will be held responsible for complete repair or replacement of any items that are damaged, lost or stolen. If equipment is returned dirty, the customer will be charged a one day rental fee for cleaning services.
